

Recycle plastic packaging!

PLASTIC PACKAGING

YES

Empty, clean and dry plastic packaging

- Plastic food packaging such as yoghurt pots, butter tubs and packaging for cold cuts, cheese and ready meal
- Detergent, shampoo and soap packaging
- Plastic bottles, cans and jars, preferably flattened
- Plastic carrier bags, bags and wrappings

You can bring empty, clean and dry plastic household packaging that was originally used as packaging for a product.

If cleaning a packaging requires warm water or detergent, it may be eco-friendlier to put the package into a container for mixed waste.

NO

- Dirty plastic packaging and mixed waste
- Other plastic products or plastic packaging waste from firms
- Packages that contain traces of dangerous substances (e.g. lighter fluids, oils, fuels, paints, chemicals, medicines)

Clean plastic to recycling,
dirty to energy.
